

Impacting communities for good.

Specialized technology and advisory solutions for society's most mission-critical challenges.

MGT

SPECIALIZED solutions to address mission-critical problems that live at the top of our client's leadership agenda.

At MGT, we are trusted advisors driven by social impact. Our technology and advisory solutions help clients **improve the lives of the people they serve** through long-term, reliable partnerships and meaningful work. We attract and retain the best people to help our clients achieve extraordinary results.”

- **A. Trey Traviesa**
Chief Executive Officer | MGT

50 years of community IMPACT and performance.

For 50 years, MGT has acted as an engine for social change, purposefully improving schools, maximizing public resources and service delivery, and advancing technology for prosperity and well-being. From aging IT infrastructure and cybersecurity concerns to school turnarounds and budgetary constraints, we take on your

organization's toughest challenges. Our professionals have worked in the public and private sectors as educators, superintendents, administrators, public officers, and C-suite executives. We understand the challenges you face and stand ready to tackle them—and succeed—together.

OUR PILLARS:

People	Purpose	Performance
 <p>We believe in the power of connecting people and ideas to solve mission-critical, complex challenges to foster a trusted partnership with clients for life.</p>	 <p>We are led by a transformative movement, fueled by people, innovation, and solutions designed to provide enduring opportunities for individual prosperity and community well-being.</p>	 <p>We partner with clients to advance learning outcomes, manage technology networks, reduce operational costs, improve workflows, and provide resilient IT infrastructure.</p>

We help solve the critical challenges facing **EDUCATION**—academically, organizationally, fiscally, and culturally.

PreK-12 EDUCATION

Helping Students and Educators Rise to Their Potential.

At the heart of MGT’s mission is a simple belief: every student deserves access to a high-quality education that supports their growth, inspires learning, and expands opportunity. We partner with education leaders to strengthen outcomes from early childhood through college.

Our teams co-create practical, implementable action plans tailored to each district or school—grounded in research and aligned to long-term instructional goals. The result is stronger classrooms, empowered educators, and improved student outcomes that endure.

By combining our team’s classroom experience with technology, AI-powered learning tools, and data-driven insights, we help educators better meet the needs of every learner.

EDUCATION EXPERTISE:

Nationally recognized, locally focused.

- IT Strategy & Cyber PMO
- Facilities Management Solutions
- Market & Student Housing Studies

People & Organization

- Leadership Strategy
- School Culture & Climate
- Executive Recruiting & Staffing
- Administrator & Teacher Coaching

HIGHER EDUCATION

Institutional resilience and digital transformation.

Colleges and universities are facing unprecedented pressure—from enrollment declines and rising operational costs to unstable funding streams and increasing data privacy demands. Navigating this complexity requires clear strategy, disciplined execution, and a relentless focus on outcomes.

Our experienced team helps institutions make the most of limited resources. From addressing workforce challenges to evaluating academic program viability and modernizing technology environments, we support decision-making that aligns institutional priorities with community needs.

Above all, student success is the heart of our work. The strategies we develop are grounded in data, easy to implement, and designed to help every student thrive in adulthood.

Empowering students to excel beyond expectations.

100K 
Students

Impacted through our turnaround work at failing schools.

3,500 
Projects

Completed with educational institutions for PreK-12 and higher education.

50M 
Students

Positively impacted nationwide.

Through STRATEGIC PARTNERSHIPS, we help organizations transform, maximize, and secure operations through proven data analytics and hands-on experience.

STATE & LOCAL GOVERNMENT

A team of trusted advisors with deep, working knowledge.

State and local governments are asked to do more than ever—often with fewer resources, persistent talent shortages, and challenging roadblocks. MGT partners with public sector leaders to strengthen operations, modernize systems, and improve the delivery of essential services that communities rely on every day.

We help governments reduce costs, increase revenue, safeguard IT environments, and operate more efficiently—so resources can be redirected where they matter most. Grounded in a deep understanding of local dynamics and informed by a national perspective, our team delivers performance improvement services that strengthen public trust and drive sustainable economic growth—delivering measurable value to governments and the residents they serve.

ENTERPRISE AND CRITICAL INDUSTRIES (INFRASTRUCTURE, HEALTHCARE, FINANCE):

Shaping and strengthening enterprises for the future.

Enterprises operate under full-time pressure from economic uncertainty, community expectations, and global disruption. As challenges grow more complex, leaders are often forced to make difficult tradeoffs that can compromise quality, safety, and security.

That's where MGT comes in. We bring to life a suite of solutions—including innovative AI tools that enhance automation and deliver execution power—to help organizations meet the moment and operate with confidence.

STATE & LOCAL GOVERNMENT EXPERTISE:

Nationally recognized, locally focused.

Cybersecurity & Resilience

- Risk & Readiness Assessments
- Incident Response
